Microsoft partner learning paths

Find and select learning paths

Collapse

Sharpen your skills with training for the latest Microsoft technologies.

Partner learning paths specify the training courses that can help you reach particular goals. Select learning paths below according to Microsoft products, competencies, partner type and your role. After you select a path, you can add it to a learning plan to help you track your progress toward achieving your goals.

To see qualifying requirements for your Competency, please click [here](#).

Use the following video to learn more about the learning path and learning plan tools

[Create a Microsoft Partner Network Learning Plan](#)

Note: If you are experiencing issues viewing the Learning Path and/or the Learning Plan pages, please remove "Microsoft.com" from the "Compatibility View Settings" in Internet Explorer.
